U.S. SOCIAL FORUM DETROIT 2010

This week, EHC staff and leaders are joining thousands of progressive activists in Detroit, Michigan for the 2010 U.S. Social Forum. The USSF is a movement building process and a space to come up with the peoples' solutions to the economic and ecological crisis.

The theme for USSF is [Another World is Possible!](#) Social Justice activists must start planning the path to get there. The USSF provides spaces to learn from each other's experiences and struggles, share our analysis of the problems our communities face, and build relationships.

On June 23, EHC will present a workshop on Building Community Leadership. The workshop showcases the EHC SALTA model and highlights the stories of two EHC leaders in the video "SALTA: The Power of Leadership"
