On August 9, 2019, a heavy-duty diesel truck crashed in Barrio Logan on a block with homes and businesses.

## It burst into flames directly in front of a home!

The truck was not following the approved route (**see reverse**) in violation of the 2018 resolution passed by the San Diego City Council. Violations of the resolution happen every day putting families and children in harms way. **These trucks don't belong on our streets!**
