

Meeting Guidance

EHC is dedicated to achieving environmental and social justice through empowered communities acting together to make change. EHC meetings are conducted in the spirit of that mission. Meeting participants are reminded that empowerment begins with respect for the rights of all.

1. Respect one another.
2. Wait to be recognized to speak – don't interrupt.
3. Give opinions with an eye toward finding solutions.
4. Attend meetings and focus on the subject at hand.
5. Show appreciation for each participant and their opinions.
6. Recognize that time is precious and that we all share responsibility for making meetings productive and successful – arrive on time and participate!
7. Turn off cell phone/put it on vibrate.
8. Bring positive energy!
